Joaquin Murrieta *ECV* Chapter 13 Spring Doins Has Sprung!

By Boonieratus

Banditoville, CA. also known as Rowell Ranch, became the hideout of redshirts from far and wide to visit Chapter 13's Spring Doins 4/5/6002 and kick off the clamping season.

The Hewgag Brayed (or was it the horn in a Ford truck) on Saturday at 5:30 A.M. Wake you wretched souls, oh hangovers of humbuggery. Another day of frivolity awaits thee. Preparast the hall, build it and they will come. Rowell Ranch was soon to become "La Casa de Joaquin", or as NGH Gary "Wildman" Johnson decreed, "Abierto"

"Welcome to Banditoville".

Redshirts entering the hideout were greeted by the Highwaymen

*"Yo Quiero un
Jose Cuervo de Oro"
"No problema amigo,
dos mas?"*

of Chapter 13. GNR "Outlaw" Jack Brown and GDR "Drunkin Duncan" Kibble, relieving them of the prescribed gold dust or bribes of a satisfactory nature. "Old Fart" Bob Terry handled the raffle chores, they corralled them red shirted souls.

Green grass and blue skies were order of the day. YB #1 NGH Dave "Sourdough" Bond

and his crew commenced to get activities and the hall in order.

Chapter 13 Ass-Hawker Bear-keeper and Boerat , with the Slam-Man in tow were first to arrive on the scene and set up.

Where is little slippery was early question? We were parched from the trail. About 120 redshirts joined us for a fine spring day. Great supper and area. A redshirt picnic...

Rowell Ranch.....

It was observed by this redshirt that those poor lost, blind, foul smelling low lives had been forced into advertising via vocal (big mouths) transmissions and visual (with large signs and placards) support for future leadership in the order. Improper decorum, as these fools had no say or brains at the time of these infractions. Being blind is no excuse..... Booerat!!!

Spring Doins

(Continued from Pg. 1)

Prior to entering the Sanctuary of Absurdum Chapter 13 Hawker "Stanley" a.k.a. Stosh M. educated visitors in proper dress of the day displaying the shirt of the day and the newest of Clamper tins available. Radio communication to keep the goodies flowing and needs answered.

Improper dickorum standard of the day. Rumor has it of a self imposed probation. Could not tell from the hollering of vigilantes or the finely stocked Cantina. Big Slippery compliments of Libationist Jon "Oly" Wilson. "No well drinks here". Muy Bueno. Only the best for the brothers.

Looked like 400 or so visited the hideout throughout the day.

Order in the hall as time came for Plaque review to the masses. The ECV 13 NGH "Wildman" Johnson presented the plaque planned for Camp Shoemaker.

It is a large brass one well versed, a proper memorium. Satisfactory.

The Hangman Rocky "The Butcher" and his crew started indoctrination of the pukes, a pitiful lot of human refuse, around 9 A.M. For some it WAS one long day. They needed enlightenment. One asked me" Mr. Clamper Sir, What the FXXX is a FXXXing Bartlett? I procured that puke a Cuervo Gold.

Cook crew did their usual outstanding job, lots of mushrooms and onions, and the way they do horsemeat, you'd think it beef. Thanks XNGH Larry Mathewson...satisfactory... Day ended nears 4:13. and so recorded.....

Three tables and ground as well, were covered with the spoils procured by ECV 13's NGH "Wildman" Johnson returning from his raid along the Gold Road of Highway 49, from Auburn to Hangtown. Looked to take a wagon and a Bronco to haul all this booty to the sanctum of Banditoville. The case of Corona beer complete with cooler, ice and limes showed class..
